

REMARKS

A Notice of Allowance issued in the present application on November 27, 2007, but the issue fee has not, as yet, been paid. A Notice of Drawing Inconsistency with Specification subsequently issued on January 15, 2008, noting that a description of FIG. 8 was not included in the listing of the Brief Description of the Drawings in the specification.

The Brief Description of the Drawings in the specification has now been amended to add new paragraph [0025a] that provides a description of FIG. 8, as supported by paragraph [0030] of the specification. Accordingly, no new matter is believed to be introduced by this amendment.

The amendment is believed to be timely filed, as it has been submitted within the time period set forth in the Notice of Allowability to file corrected drawings.

In the event that any charges or fees must be paid or an overpayment has been made in connection with this communication, please charge or credit Deposit Account No. 09-0007. If this payment also requires a Petition, please construe this authorization to pay as the necessary Petition which is required to accompany the payment.

Respectfully submitted,

ICE MILLER LLP
